

# A Beautiful World

Out in the nature riding my horses  
Trotting through the fields  
Thinking what a beautiful world we live in of course  
Then me and my horse were going so fast we had  
to yield  
We had to yield because there was a frog in the  
field  
And then we continued our journey looking at the  
sunset  
Taking it all in  
We still have a lot yet

-Hazel Harney, 5th grade
